My dear Sir.

Please refer to the Municipal President's letter No 19 of 28-7-99 and its enclosing letter of 24th idem from the Secretary, Bangalore, re: to the address of the President. The sale of 11 acres & 37 guntas of the land to the city improvement Committee in 1893 and an exchange of an acre and a half to the East of the grand stand are alluded to in the latter. The correspondence relating to these points are now required here for reference. I request you to be good as to send the same as early as possible, if they are available in the office of the Municipal President.

Yours sincerely,

Dear Mr. Kaulage

Please see my
note, enclosed, on the
case generally. You may
submit it to the Secretary
with any ^{other} information you prefer
to place before him.

Yours sincerely
H. S. Chandrasekhara
1-8-01.

1. Every person or body of persons, competent to contract, and entitled to transferable property, is also competent in law to transfer such property to the extent of his or its rights. And a body of persons, whether incorporated or not, cannot be said to be incompetent to contract unless it has been ^{dis-}qualified from contracting by any law to which it is subject. Applying these principles to the present case, I should say that the Race Course Committee is prima facie competent to ~~transfer~~ alienate the lands attached to the Race Course if ^{it is supposed that} these lands are transferable property to which it is entitled.

2. The question involved in this case is thus one of fact chiefly, viz. What is the extent of the Committee's rights over the lands. On this point the information available seems to be as follows :-

3. An earlier Race Course having been appropriated for

building a Dragoon Barracks
the (Chief) Commissioner
promised in February 1860
that, if an eligible spot for
a new Race Course should
be pointed out, he would make
arrangements for placing
it "at the disposal of the
community." Three years
later, i.e. in April 1863, an
extent of land measuring
7 can. 10 karp. 14 $\frac{3}{4}$ p. was selected
for the proposed new Race
Course, and the payment
of compensation to the owners,
assessed at Rs 8295-0-9, was an-
nounced. These lands, which
are within the present Municipal
limits of the City, now consisting
of survey nos 39-43, 45-47, 48,
^{on the Mallikarjuna village} measuring 92 aces. 12 guntas,
and assessed at 95 Rs, but
no assessment has been levied
thereon, the lands being shown
in the accounts as Government
assessed waste ever since
1863. In a letter of the
Deputy Superintendent of Bangalore
(Captain J. A. Campbell) to
the D. A. Q. R. G, Bangalore, dated
the 24th April 1863, it is stated

34 again in 1895 we find the Public Works Dept. carrying out certain large additions to the Grand Stand of the Race Course at a cost of Rs 47,000, allotted to the Messaghalla Water-Supply project; in consideration for the Race Committee having placed about an acre and a half of ~~the~~ land to the east of the Grand Stand at the disposal of Govt. for the construction of a Public Water-
Tank.

6. To place matters beyond a doubt I would also make a reference to the Secy of the Race Committee pointing out that the lands appear to have been ^{officially} granted for the special purpose of ^{maintaining} a Race-course, and enquiring ~~(that the Committee)~~ the authority ^{is} under which the Committee has been making alienations of portions of these lands during recent years for purposes unconnected with the original grant. ~~of the~~ I hope enquiries as above will probably elicit a reply of ~~the~~ ^{the} Govt. ~~of the~~

cannot be made available for the purpose indicated."

4. On the point above discussed it is possible that Colonel J. A. Campbell (P.⁴ Sec.⁴ D.H.G.), who was the Deputy Supt. of Bangalore in 1863, will be able to furnish useful information if written to semi-officially. And perhaps Col J. P. Grant may also be consulted with advantage.

5. But whatever the nature of the original grant may have been, it is to be feared that, in transactions of a later date, the lands attached to the Race course were treated as the absolute property of the Race Course Committee. For, in March 1893 we find the Secretary to the City Improvement Committee sending a cheque for Rs 5962.8.0 as "compensation at 500 Rs per acre for 11 ac. 379. f land belonging to the Race Committee which have been required by the City Improvement Committee." And

The question is the disposal of an ~~assessed~~ assessed land which has been given over to a body of persons for a particular purpose. It shall be dealt with in the Rev. Deptt.

There is no use of taking up the question by other than enforcing provisions of the Code. The land not being given away absolutely, we may ask the Dy Commr to call upon the Committee to justify their act of alienation. If they do not make good their authority, the lands shall be dealt with under the prov^s of the Land Revenue Code.

Please send a piece of the info available as summarized in Mr Chendrasekharam Yashode and instruct the Dy Commr to inform the Race Committee that as far as the information available to the Govt^t goes there is nothing to show that full rights in the land placed at their disposal have been conveyed to them. The payment of Compensation by the City Mpt Committee by the City Water works Deptt cannot be construed as recognizing the full proprietary rights in the Stewards. The payments were made more in the way of contributing to the funds of an institution which on a public nature the land comprising the Race Course were acquired after payment of compensation to the original holders, were assigned to the Race Committee for a purpose and were exempted from payment of cess^{ts}. May 1901, I have the honor to
state that (1) the land granted
to the Bangalore Race Course
Committee is situated within
the municipal limits of the
City, and it is entered in the
revenue accounts, as Government
un-alienated land. (2) The land
consists of Survey Nos. 40 to 43,
45 to 47 and 51 in the Malen-
halli village of the Kasba Hobli,
Bangalore Taluk, measuring
in all 92 acres 12 guntas assessed
at Rs 95/-; but no assessment has
been levied, as they have been
shown in the accounts as Govern-
ment assessed waste since 1863
(3) & (4) Information regarding "

Conditions of the grant, or the
constitution of the committee,
is not available in this office
(5). Not knowing the conditions
under which the survey numbers
in question were granted to the
Race Course Committee, this office
is not in a position to report
whether or not, the provisions of
Sections 63 and 64 of the Land
Revenue Code could be
enforced. ~~Very~~

I have the honor to be

Sir

Your most obedient servant

N. R. 799 of 15/8/01.

The records available disclose the following facts concerning the rights of the Race Course Committee in the lands in question.

Order thereon: —

The information gathered from the above correspondence available as regards the Committee's rights over the lands comprising the Race Course is as follows.

An earlier Race Course having been appropriate

11/8/01

for building a Dragoon
Barracks, the (chief) Com-
-missioner promised
in February 1860 that
if an eligible spot for
a new Race Course
should be pointed out,
he would make arrang-
-ments for placing it
~~at~~ at the disposal of
the ^{Committee} Community. Three
years later, i.e. in April,
1863, an extent of land
measuring 7 Can. 10 Kood.
14 $\frac{3}{4}$ p. was selected for
the new Race Course,
and the payment of
Compensation to
the owners, assessed
at Rs 8295-0-9, Sanc-
tioned. These lands
which are within the present
Municipal limits of the
Bangalore City, now
Consist

consist of Survey Nos
39¹/₂, 43, 45¹/₂, 47 & 51, of the
Mallanahalli village,
measuring 92 acres. 12¹/₂ furlongs
and assessed at 95 Rs.
^{No} but ~~no~~ assessment has
however
been levied there on, the
lands being shown
in the accounts as
Government assessed
waste ever since 1863.
In a letter of the Deputy
Super of Bangalore (Capt
J. A. Campbell) to the
D. A. Q. M. G. Bangalore
dated the 24th April.
1863, it is stated that
"the Commissioner has
sanctioned the ground
being made over to the
Race Committee for a
Race Course. The ground
is therefore at the disposal
of the Committee" In Aug¹⁸⁶³
1863, ~~the Commissioner~~

refused to comply with
an application for
taking up a portion
of the new Race Course
for a parade ground
for Tilledar Lines. for the
reason that "the ground,
having been made over
to the Stewards, cannot
be made available for
the purpose indicated."
In March 1893, the City
Improvement Committee
paid Rs 5962-8-0 as
"Compensation at
Rs 500 per acre for 11 ac.
378 of land belonging
to the Race Committee
which have been acquired
by the City Improvement
Committee". And again
in 1895, the P W D.
carried out certain large
additions to the grand
stand of the Race Course
at a cost of Rs 4700,
the Messaraghatta
wades.

water-supply project,
in consideration, ~~for~~
the ~~Race~~ Committee
having placed about
an acre and a half
of land to the east of
the ground stand at
the disposal of Govt
for the construction
of a Pure Water Tank.

2. ~~These~~ ^{The} facts that the
lands were placed at
the disposal of this body
for the express purpose
of forming a race
course, and that they
have all along been
entered in the records
as govt-vested land, show
that only limited rights
^{user}
were conveyed to them.

2. The Deputy Commr
Bangalore Dt., is requested
to inform the Race
Committee that as
far as the information
available in the Govt
records (as summarized
goes, there is nothing
to show that full
rights in the lands
placed at their disposal
had been conveyed to
them. The payment
of compensation by ...

city Improvement Com-
-mittee and by the city
water works Dept.

Cannot be construed as
recognizing full propriet-
rights in the Stewards..

^{Such}
The payments were
made more in the way
of ^{making a grant in aid of} contributing to the
funds of an Institution
which was of a public
nature. The lands
comprising the Race
course were acquired
after payment of
compensation to the
original holders, were
assigned to the Race
Committee for a
special purpose and
were exempted from
payment of assess-
ment. If the Com-
-mittee still claim
rights

↑ The Dy. Comr. is re-
quested to inform
the Committee that on
this information bef-
them, Govt. cannot
recognize that they be
full unrestricted &
fructory right over
these lands, or can
them or convey them
other than the original
purpose of the grant.
If however they
wider rights, they
be called upon

§. ³⁶² 37 of the Rev Code.

rights of transfer over
the land, the Deputy
Commissioner ~~may~~
is requested to call
on them to specify
the grounds upon
which they base their
claim.

A Notice may be
given to ^{Lieut Col} ~~Mr~~ Chambers
that the question of
the power of the Rev
Committee to alienate
lands is still under
the consideration ^{of the} and
that until that is
disposed of, he should
not proceed to build
on the land.
